

유튜브에서
공유 -> 퍼가기 -> iframe 태그복사

The image shows a web editor interface with two side-by-side panels. In the left panel, the toolbar has a red circle around the video icon. Below it, a video thumbnail is visible with the text "포커스인아시아 KPGA 정성환(CHUNG...". The right panel shows the same interface but with a modal window titled "플레이 동영상" (Play Video) open. The modal window contains the text: "<동영상 코드> iframe 또는 Object 태그를 입력하세요." (Enter video code, iframe or Object tag). Below this, the HTML code for an iframes is displayed: `<iframe width="560" height="315" src="https://www.youtube.com/embed/yERTRNNi8yI" title="YouTube video player" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-". At the bottom of the modal window are buttons for "재생" (Play), "확인" (OK), and "취소" (Cancel).`
